

XV International Congress of IACMAC/ESCMID «Antimicrobial Therapy»

Moscow, 22-24 May 2013

Scientific programme

22 May 2013, Wednesday

08.00-18.00	<i>Registration</i>	
<i>Symposium «Microbiological diagnostics of infections and antibiotic resistance»</i>		
<i>Co-chairs: I. Aleksandrova, L. Gabbasova, M. Edelstein</i>		
09.30-10.00	Modern approaches of diagnostics and treatment of bacterial and fungal bloodstream infections	D. Popov (Russia)
10.00-10.30	Improving informativeness of microbiological analysis with PCR diagnostics	E. Evseyeva (Russia)
10.30-11.00	Molecular methods in diagnostics of antibiotic resistance	E. Lisitsyna (Russia)
11.00-11.30	New phenotypic and molecular methods of carbapenemases detection	M. Sukhorukova (Russia)
11.30-11.45	<i>Discussion</i>	
11.45-12.15	<i>Coffee break</i>	
<i>Symposium «Polyresistant and panresistant agents – when infection control and strategy of antimicrobial therapy control are indispensable»</i>		
<i>Co-chairs: M. Bassetti, G. Karam, K. Lokshin</i>		
12.15-12.45	Globalization and antimicrobial therapy: threats to the XXI century	M. Bassetti (Italy)
12.45-13.15	Adoption of systems to control antimicrobial therapy in clinical practice	G. Karam (USA)
13.15-13.40	Influence of antibiotic therapy on microecology: what is the difference between different antibiotics?	R. Kozlov (Russia)
13.40-14.00	Implementation of the strategy of antimicrobial control in urological departments	K. Lokshin (Russia)
14.00-14.15	<i>Discussion</i>	
14.15-14.45	<i>Coffee break</i>	

Министерство здравоохранения Российской Федерации
Межрегиональная ассоциация по клинической микробиологии
и антимикробной химиотерапии (МАКМАХ)

Европейское общество по клинической микробиологии
и инфекционным болезням (ESCMID)

Международный союз за разумное применение антибиотиков (APUA)

Международное общество по химиотерапии (ISC)

НИИ антимикробной химиотерапии (НИИМХ)

ГБОУ ВПО «Смоленская государственная медицинская академия»

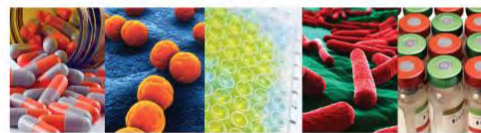

Министерства здравоохранения Российской Федерации

XV

МЕЖДУНАРОДНЫЙ КОНГРЕСС МАКМАХ ПО АНТИМИКРОБНОЙ ТЕРАПИИ

22-24 мая 2013 Москва

ГК «Космос», проспект Мира, 150

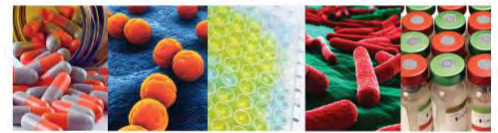

ESCMID

22 May 2013, Wednesday

Symposium «Microbes and antibiotics in Russia: the latest data of the Institute of Antimicrobial Chemotherapy (IAC) and the Centre for Monitoring of Antibiotic Resistance (CMAR)»

Co-chairs: A. Dekhnich, E. Karakulina, R. Kozlov

14.45-15.05	Perspectives of restraint of antibiotic resistance: horizons of future studies	R. Kozlov (Russia)
15.05-15.25	Results of pharmacoepidemiological studies. How did the real practice of antibiotic therapy change?	S. Rachina (Russia)
15.25-15.45	Gram-negative nosocomial agents in Russian Federation: can it get any worse?	M. Edelstein (Russia)
15.45-16.05	New antibiotics available in Russian Federation – real perspectives of clinical use	A. Dekhnich (Russia)
16.05-16.30	<i>Discussion</i>	
16.30-17.00	<i>Opening of the Congress</i>	L. Gabbasova (Russia) I. Otvagin (Russia) G. Cornaglia (Italy) R. Kozlov (Russia)
17.00-17.30	Prominent people and infectious diseases	G. Cornaglia (Italy)
18.00-20.00	<i>Welcome cocktail</i>	

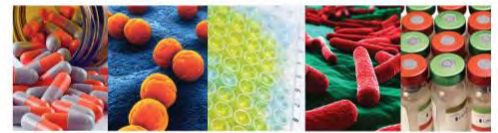

23 May 2013, Thursday

09.00-16.00	<i>Registration</i>	
<i>Symposium «New cephalosporins – everything that a clinician needs to know about it»</i>		
<i>Co-chairs: A. Sinopalnikov, A. Firsov, N. Khachatryan</i>		
09.00-09.30	MRSA in Europe: is the epidemy still going on?	I. Gould (UK)
09.30-10.00	Do we need a new beta-lactam with anti-MRSA activity?	E. Ortenberg (Russia)
10.00-10.30	Perspectives of antibiotic use for treatment of lower respiratory tract infections: do we need a short-term courses?	A. Sinopalnikov (Russia)
10.30-11.00	Skin and soft tissue infections: position of new cephalosporins	N. Khachatryan (Russia)
11.00-11.15	<i>Discussion</i>	
11.15-11.45	<i>Coffee break</i>	
<i>Symposium «Infections in special groups of patients»</i>		
<i>Co-chairs: V. Akimkin, N. Klimko, A. Mitichkin</i>		
11.45-12.15	Biofilms and infections in orthopedia: actual problem of all specialties	A. Soriano (Spain)
12.15-12.35	Echinocandins in treatment of mycelial mycoses: current guidelines and perspectives	N. Klimko (Russia)
12.35-12.55	International registries for infectious diseases: experience of use	V. Tyurin (Russia)
12.55-13.15	Bacteriophages: a perspective tool to control nosocomial infections?	V. Akimkin (Russia)
13.15-13.30	<i>Discussion</i>	
13.30-14.00	<i>Coffee break</i>	

23 May 2013, Thursday

Discussion club		
«Pelvic Inflammatory Disease (PID) – where dermatovenerology ends and gynecology starts»		
Co-chairs: M. Gomberg, V. Radzinskiy, G. Reshedko		
14.00-14.30	PID – is there a problem?	V. Radzinskiy (Russia)
14.30-15.00	Similarities and differences of different regimens of antibiotic therapy of PID	M. Gomberg (Russia)
15.00-15.30	Are the clinical guidelines always optimal? Critical review and key moments	S. Sekhin (Russia)
15.30-16.00	<i>Discussion: do we need national guidelines for therapy of PID in Russia?</i>	
16.00-16.15	<i>Coffee break</i>	
Symposium «Diagnostics, treatment and prophylaxis of infections: local data»		
Co-chairs: Yu. Savochkina, D. Tapalskiy, I. Shaginyan		
16.15-16.30	Carbapenem resistance in Saint-Petersburg	Yu. Savochkina (Russia)
16.30-16.45	Antibiotic prophylaxis in reconstructive urology	B. Gvasaliya (Russia)
16.45-17.00	Bactericidal nanocoatings	D. Tapalskiy (Belarus)
17.00-17.15	Clinical case of infection caused by <i>Rhodococcus equi</i>	M. Trapeznikova (Russia)
17.15-17.30	Clinical-economical efficacy of stepwise antimicrobial therapy of community-acquired pneumonia in clinical departments	Yu. Belkova (Russia)
17.30-18.00	<i>Discussion</i>	

24 May 2013, Friday

Plenary Session

Co-chairs: N. Zubareva, V. Mishin, V. Tatochenko

09.00-09.25	Antibiotics in pediatrics: what you can, but don't need to; what is prohibited, but you want to?	V. Tatochenko (Russia)
09.25-09.55	Therapy of multi-resistant tuberculosis in Russia: what to do?	V. Mishin (Russia)
09.55-10.20	What is a chronic rhinosinusitis and how to treat it?	O. Stetsiouk (Russia)
10.20-10.45	Safety issues of antibiotic use in elderly patients	L. Bessonova (Russia)
10.45-11.00	<i>Discussion</i>	
11.00-11.30	<i>Coffee break</i>	

Symposium «Diagnostics, therapy and prophylaxis of severe infections»

Co-chairs: E. Eliseyeva, T. Perepanova, O. Peryanova

11.30-11.50	Theory and practice of prolonged antibiotic infusion. What do we need in ICU in Russia?	V. Kulabukhov (Russia)
11.50-12.10	Diagnostics of invasive candidosis: what can help a clinician?	A. Veselov (Russia)
12.10-12.30	Search of new treatment strategies for patients with severe infections of the urinary tract	T. Perepanova (Russia)
12.30-12.50	Clinical-pharmacological basis of antibiotic therapy of surgical patients in ICU	E. Eliseyeva (Russia)
12.50-13.20	Vaccination against infections caused by multidrug-resistant pathogens	D. McIntosh (UK)
13.20-13.30	<i>Discussion</i>	
13.30-14.00	<i>Coffee break</i>	

Discussion club for clinical pharmacologists «Organizational and legislative aspects of antimicrobial therapy»

Co-chairs: A. Kolbin, L. Kulagina, S. Rachina

14.00-14.20	Legislative basis regulating antimicrobials use: what does every clinical pharmacologist need to know?	S. Zyryanov (Russia)
14.20-14.40	Where in real clinical practice can we use the results of pharmacoeconomical studies?	A. Kolbin (Russia)
14.40-15.00	Allergic reactions to antimicrobials	I. Andreyeva (Russia)
15.00-15.20	Control of procurement of antimicrobials. How to get the drug that is really effective for patient and hospital?	V. Omelyanovskiy (Russia)
15.20-15.30	<i>Discussion</i>
